On July 22, 2023, the Revitalization Committee will host the Hard Rock Run beginning at 7:30 a.m. The 5K route includes City streets and portions of SW 110 Avenue, SW 60 Road, Pawnee Rock Cemetery and SW 112 Avenue. The event is scheduled for two hours. The Commission will consider blocking one lane of the roads to keep the runners safe. Sheriff Brian Bellendir supports this action.

Jon Prescott, Pawnee Rock Revitalization Committee member, said Barton County Commissioners graciously approved a \$50,000.00 grant for the project, they were now at \$173,000.00. Prescott said that Pawnee Rock was the first impression of Barton County for travelers coming from the west and they want it to be good. Jeanine and Brad Haynes contributed \$100,000.00; Golden Belt Community Foundation contributed \$11,000.00; CUNA Mutual, changing name to True Stage, contributed \$10,000.00 and private donations of approximately \$2,000.00. CUNA Mutual or True Stage has well over 100 employees who work from home, and they will pay their local employees for work they do in Pawnee Rock. Four new families had moved to Pawnee Rock in the last year, two homes were being totally renovated and one home was taking advantage of the Brush Up Grant. The Brush Up Grant allows any homeowner who provides the labor and paints their entire house to qualify for \$1,000.00 to purchase supplies. There are now 72 children in the community so there was a need for the community park. Phase I was the pavilion which was delivered last weekend. They are gathering volunteers to assemble the pavilion. They have Norbert Moeder, retired and donating his time as the general contractor. They will begin assembling the pavilion on June 3<sup>rd</sup>. Phase II was the new playground equipment and was ordered yesterday. Prescott asked to close one lane of the following roads for the run: SW 110 Avenue, SW 60 Road and SW 112 Avenue from 7:00 A.M. to 9:30 A.M. They will have volunteers directing traffic.

Commissioner Esfeld asked Prescott the cost of the playground equipment. Prescott said they had waited for a company to liquidate some equipment; the piece was originally \$75,000.00 and they were getting it for \$37,500.00 from American Playground Equipment.

Commissioner Zimmerman asked about the Haynes donation, if that was part of the Mull Family Feeders. Prescott said yes, it was. They had been very generous.

## **B. RESOLUTION 2023-14: A Resolution Amending Article III and Article XIII of the Barton County Zoning Regulations, Including the Official Zoning Map of Barton County, Version II:**

Judy Goreham, Environmental Manager, will provide details. Both the Zoning and Subdivision Regulations, as reviewed by the Barton County Planning Commission, were adopted in 2000 and have been revised since that time. The amendments to Article III, District Regulations, and Article XIII, Construction and Definition, allow for Agriculture Related Business, Agritourism and Small-Scale Non-Agricultural Business uses as well as update several current definitions. The Planning Commission recommends the adoption of the proposed revisions.

Judy Goreham, Environmental Manager, asked the commission to consider the changes to Zoning Regulations Version II. It was formally adopted in January 2013, and they had made a few small updates since that time. This would be a significant change and would make things a lot smoother for the applicants. It would put a safety net in place for the county. There had been a provision that if someone wanted to set up a small business in the county, the property would first have to be rezoned to the appropriate district. Most of the business applications they get were very small. Last summer, one of the Planning Commission members, Mary Ann Stoskopf, proposed changing the process to include some additional defined types of businesses and working them into the zoning regulations of Article III, making them a permitted use or a conditionally permitted use. That would eliminate the majority of the business requests having to rezone the property. They would still have to go through the process and get formal approval from the commissioners. It would provide a safety net for the county because there would not be spot zoned properties all over the county that could allow for an undesirable business to come in the future. The three main additions were a use called agriculture related business, sales and/or repair of agricultural equipment, machinery and commercial agriculture products; agritourism would be permitted in agriculture, commercial, industrial, light manufacturing service commercial and unincorporated community districts; and small-scale non-agriculture commercial business. With conditional use, even if the land were to sell, the use could continue as long as the use was the same.

Commissioner Hutchinson said he wanted to recognize Goreham and the Planning Commission for doing a great job.

Commissioner Zimmerman said they always respond when she has had any questions.
