## PROPERTY TAX EXEMPTION

Barton County approved a property tax exemption policy. Businesses engaged in manufacturing, distribution, or research and development are eligible to apply for a tax exemption on new construction. An exemption may be granted by the local governing body if it is determined that additional jobs will not be created or existing jobs would not be retained unless an incentive is granted.

For questions on this exemption please contact economic development director Richard Boeckman. [rboeckman@bartoncounty.org](mailto:rboeckman@bartoncounty.org)
