Work is performed in the office environment as well as in the public setting with all types of people, some in crisis.

These specifications should not be interpreted as all-inclusive. It is intended to identify the major responsibilities and requirements of this job function. The incumbents may be requested to perform job-related responsibilities and tasks other than those stated in these specifications.

Job descriptions assist organizations in ensuring that the hiring process is fairly administered and that qualified employees are selected. All descriptions have been reviewed to ensure that only essential functions and basic duties have been included. Peripheral tasks, only incidentally related to each position, have been excluded. Requirements, skills, and abilities included have been determined to be the minimal standards required to successfully perform the position. In no instance, however, should the duties, responsibilities, and requirements delineated be interpreted as all inclusive. Additional functions and requirements may be assigned by supervisors as deemed appropriate. In accordance with the Americans with Disabilities Act, it is possible that requirements may be modified to reasonably accommodate disabled individuals. However, no accommodations will be made which may pose serious health or safety risks to the employee or others or which impose undue hardships on the organization.

I have reviewed this job description and I can perform the essential functions of this position, with or without, reasonable accommodations. I have also received or have been offered a copy of this job description.
