

Be Aware.

Be Prepared.

- Get Prepared, create a Disaster and Communications Plan for your family. Don't forget to make a plan for your pets too!
Learn about plans at work and school.
- Assemble a Disaster Supply Kit with flashlights, radios, batteries, food & water, first aid kit, whistle, important family documents and medications.
- Install smoke alarms and learn to use a fire extinguisher.
- Make sure all family members have current immunizations.
- Learn how to turn off the utilities for your home.
- Get Trained in First Aid and CPR. 
- Be alert to changing weather conditions and listen to a local radio or television station for information.
Monitor a NOAA Weather radio by tuning to 162.500 MHz, for the Barton County tower.
- Be Aware. Watch TV, listen to the radio, sign up for text alerts, and check the Internet for information & instructions.
- Be Prepared. Go to www.ready.gov, www.redcross.org, or <http://emergency.cdc.gov> for more information.
